

Team Involvement in Demonstration

Date	02 July 2026
Team ID	
Project Name	Rising Waters-ML Flood Prediction System
Maximum Marks	1 Mark

Team Involvement in Demonstration

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation
1	Chandeeswari Mothukoori	Presenter & Developer	Introduction, Dataset, Data Preprocessing, Machine Learning Model, Flask Web Application, Testing & Deployment	Independently developed the flood prediction system, performed data analysis and preprocessing, trained and evaluated machine learning models, integrated the XGBoost model with Flask, designed the web interface, deployed the application, and presented the complete project workflow.	Full Participation

Team Coordination Notes

Aspect	Details
Team Leader / Coordinator	Anupriya
Overall Team Coordination Rating (1-5)	2
Any issues during demo	Communication and participation from the assigned team members, including the team leader, were limited throughout the project, resulting in most development and preparation being handled by a single member.

How issues were resolved	The project was completed independently by Chandeeswari Mothukoori. All modules were developed, tested, documented, and demonstrated individually. Technical guidance and testing support were received from a friend from another team when required.
